

BOWEL CANCER? WE'RE HERE FOR YOU

**WE ARE
MACMILLAN.
CANCER SUPPORT**

**Have you been offered Papillon
radiotherapy as an alternative
to radical surgery?**

If so would you like to talk through any concerns with someone who's already experienced the treatment and understands what you're going through?

We're a group of ex-patients and their carers who've been trained to give one to one support through our Papillon Buddy Scheme. You can talk to us in complete confidence and we'll try our best to answer your questions in non-medical language.

If you want to know more please refer to our website

www.contactpapillon.com

or ring Sue Davies on **07580 087188** (please leave a message)
