**Online Gaming:
A Safety Guide**

WELCOME TO THE TEAM!

Thank you for signing up to Clatterbridge: Game On!

We're delighted to have you on board, and together we can transform cancer care in our region for generations to come.

Thank you for choosing to support The Clatterbridge Cancer Charity. By taking part in Clatterbridge: Game On! and fundraising for The Clatterbridge Cancer Charity, you are helping us to transform cancer care throughout our region.

Did you know that The Clatterbridge Cancer Centre is one of the largest networked cancer centres in the UK?

From 18 hospitals across Merseyside and Cheshire, we host over 240,000 patient appointments every year; offering pioneering chemotherapy, radiotherapy and proton treatments.

Recently your fundraising has enabled us to open Liverpool's first cancer hospital on 27th June 2020 with 110 in-patient beds and nine floors of world class facilities to help our patients.

Whether you play Stellaris for a full 24 hours, host a FIFA tournament with your workmates or you livestream your latest Minecraft creation we'll be here to support you every step of the way.

We are here to help you to help The Clatterbridge Cancer Charity!

This leaflet has some top tips to help you game, stream and raise vital funds safely. Don't forget that if you have any questions about your fundraising and your event, just get in touch.

We wish you the very best of luck!

TIME FOR A TIME OUT?

Planning on taking part in a 24 marathon challenge?

Remember to take breaks when you're gaming for long periods of time. You'll likely be sitting down a lot so make sure you wear comfy clothes and have plenty of drinks and snacks to hand.

Get a good night's sleep the day before your challenge starts, and make a schedule - especially if you're going to be livestreaming.

Don't forget to test your hardware and your WiFi connection before your challenge starts - there's nothing worse than when the WiFi crashes!
